ALCOHOL AND SUBSTANCE ABUSE FREE CAMPUS

Lakeview College of Nursing is committed to providing a safe and secure campus through the maintenance of a drug-free environment. In compliance with the Drug-Free Schools and Communities Amendments of 1989, the College disseminates information to all students and employees regarding the dangers of substance abuse through the publication "A Student Guide: Campus Regulations, Information, and Resources About Drugs and Alcohol Use and Abuse." The Student Guide details campus regulations regarding use/abuse of these substances and disciplinary

actions for violations. Substance Abuse Education is also incorporated into several required and elective courses in the College curriculum. Please visit <http://www.lakeviewcol.edu/drug-alcohol-abuse-prevention>.

FIRE/EXPLOSION PLAN

***Familiarize yourself with Locations of Fire Alarms, Fire Extinguishers, Fire Exits, and Floor Plans.
(Floor plans are posted around facilities as well as at the end of this report)***

The buildings on each campus are fire resistant and equipped with a fire alarm system and outside fire exits. Pull boxes, fire extinguishers and alarm horns are located throughout the building. Fire alarms are tested, and fire drills may be planned each semester.

In case of fire:

- Pull the alarm to summon help and alert others in the building.
- Notify authorities by calling call 911 (8-911 from a College telephone), call from a safe location.
- Evacuate the building using the nearest exit. Close the doors behind you. (Fire requires oxygen to burn, and closing doors will help control the fire.)
- Do not use the elevator.
- If need be, crawl under the smoke. Smoke rises; the cleanest air will be near the ground.
- After leaving the building, reassemble at the appropriate assembly point (parking lot northeast of the College). Accountability for students, staff, faculty, and guests is critical; report missing person immediately to authorities.

If something (i.e., smoke, heat, flames, debris) blocks your exit routes:

- Stay in the room with the door closed.
- If possible, signal for help using a bright-colored cloth at a window.
- If you have access to a telephone, call 911 (8-911 from a College telephone) to alert authorities of your situation.

Stop, Drop and Roll: If your clothes catch on fire, stop where you are, drop to the floor, and roll over and over to smother the fire. Cover your face with hands to prevent inhaling fumes

If the fire is small and you are trained to do so, extinguish the fire using the proper extinguisher.

Do not re-enter the building until authorized by police or other emergency response personnel.

Lakeview College of Nursing does not have on-campus housing, dormitories, or other residential facilities for students on-campus.

Lakeview College of Nursing has had zero active fires and zero fire alarms activated during this reorting period.

GAS LEAKS/FUMES/VAPORS

If you detect natural gas or toxic/noxious material (fumes or vapors):

- Do not pull fire alarms.
- Do not touch light switches or electrical equipment.
- Contact emergency services/ Police by calling 911 (8-911 from a College telephone).
- Clear the area immediately if instructed to do so by the emergency dispatcher.
- Alert others to stay clear of the area.
- Remain upwind of the source.
- Provide your location and the location of the odor to the dispatcher.
- Provide as many details as possible to dispatcher.
- If evacuation occurs, do not re-enter the building until authorized to do so by emergency personnel

EMERGENCY RESPONSE AND EVACUATION PROCEDURE

In the case of an emergency crisis or evacuation, Lakeview will appropriately notify the College community immediately and put in action the appropriate procedures (i.e., crisis response, evacuation, etc.) The Dean of Nursing will serve as the coordinator of the crisis response team. The response procedure is developed for implementation in the event of the death of or severe injury to a student, faculty or staff member, or another disaster, natural or otherwise. Should an immediate threat occur which warrants concern with respect to the health or safety and security of students, faculty and/ or staff, the College President and/or Dean of Nursing will begin an evacuation immediately through the best communication method possible. Lakeview will, without delay, determine the content of the notification, unless the notification will compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. The College President, Dean of Nursing or designee, will notify the larger community if deemed appropriate. Lakeview will exercise safety measures throughout the academic year whether they are announced or unannounced.

ACTIVE SHOOTER

In a hostile situation or one that is perceived as threatening violence, it is recommended that you follow the below guidelines. This information is to help in a critical situation and does not cover every possible situation. Please note that these types of incidents are highly unpredictable. An individual's response should depend on the particular circumstances at hand.

Contact Authorities:

- Call **911 (8-911 from a College telephone) from a college telephone** as soon as safely possible. Do not put yourself or anyone else in danger.

Secure Immediate Area:

- Clear the hallways immediately.
- Do not attempt to confront or apprehend shooter (unless as a last resort).
- Lock and barricade doors if unable to exit the building safely.
- Turn off lights.
- Close blinds and block windows.

- Turn off radios and computer monitors.
- Keep occupants calm, quiet and out of sight. Take adequate cover/protection from bullets (*i.e., concrete walls, thick desks, file cabinets*).
- Silence cell phones.
- Do not leave the room or unlock the door to see “what is happening.”
- Place signs in exterior windows to identify the location of injured persons.

What to Report:

- Your specific location, including building name and official room number.
- A number of people at your specific location, and numbers/types of injuries.
- Number and location of the assailant(s), plus descriptors: race and gender; clothing description; physical features; weapon types (long gun or handgun); backpack; shooter’s identity, if known; separate gunfire; explosions; etc.

Un-Securing an Area:

- Remember: A shooter may not stop until he is engaged by an outside force.
- Consider risks before un-securing rooms. If doubt exists for the safety of the individuals inside a room, that area should remain secured.
- Consider the safety of the masses vs. the safety of the few.
- Attempts to rescue people should only be made if they can be accomplished without further endangering yourself or anyone else.

HOSTAGE

If you are taken hostage:

- Stay calm. Be cooperative. Avoid eye contact. Don’t threaten or intimidate; appear submissive.
- Remember that lives are your top concern. Before you say or do anything, think of the consequences to yourself and others. Your safety – and theirs – comes first.
- Notify **911 (8-911 on College phone)** only if it will not put you or anyone else in danger.
- Make careful mental notes about hostage-taker(s): age, skin color, hair, and eye color, height and weight, color and type of clothing, distinguishing characteristics (voice, accents, language, etc.)
- Follow all directives from law enforcement officials.

In the state of Illinois sexual assault or rape is a felony and could result in an individual being sentenced to time in prison.

Title IX Statement

It is the policy of the College to comply with Title IX of the Education Amendments of 1972 and its implementing regulations, which prohibit discrimination based on sex in the College programs and activities. Sexual Misconduct is a form of discrimination, and all complaints/reports will be responded to within 12 hours. If necessary, the College will take action to prevent the recurrence of discrimination and remedy its effects.

DEFINITIONS

Consent: is defined as a freely given, clear, unambiguous agreement between the participants to engage in sexual activity. Lack of verbal or physical resistance or submission by a person resulting from the use of force or threat of force by another person shall not constitute consent. Consent is deemed incapable of being given if the person's physical and/or mental control is markedly diminished as the result of alcohol, other drugs, illness, injury, or any other reason. Consent must be given each time the participants engage in sexual activity. Consent given on a prior occasion does not indicate future consent, and consent may be revoked at any time.

Dating violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors: (1) the length of the relationship; (2) the type of relationship; (3) the frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

Domestic violence Includes asserted violent misdemeanor and felony offenses. The crimes of violence are committed by a current or former spouse or intimate partner of the victim, by a person whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction of grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of jurisdiction.

Forcible sexual offenses are defined as, "Any act directed against another person, forcible and/or against the person's will; or not forcibly or against the person's will where the victim is incapable of giving consent," and include, forcible rape, forcible sodomy, sexual assault with an object, and forcible fondling.

Non-forcible sex offenses are defined as "Unlawful, non-forcible sexual intercourse," and include incest and statutory rape.

Rape is defined by penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Sexual assault is defined as an offense classified as a forcible or non-forcible sexual offense that is a physical contact of a sexual nature, which is against one's with or without one's consent. An offense that meets the definition of rape, fondling, incest, or statutory rape.

Sexual harassment is unwelcome conduct based on sex, whether directed towards a person of the same sex or the opposite sex, and may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually charged jokes, obscene printed or visual material (including electronically displayed material), and physical contact such as patting, pinching, or intentionally brushing against another person's body. Sexual violence is a form of sexual harassment and: includes but is not limited to physical, sexual acts; unwelcome sexual touching, or battery; rape; domestic violence; dating violence; and stalking. All sexual harassment is expressly prohibited.

Sexual Misconduct is defined as any physical act of a sexual nature, committed under duress or by force, or without consent (a freely given, knowing agreement) of the individuals involved.

Sexual misconduct includes, but is not limited to:

- a. Any form of sexual penetration without consent.
- b. Intentional or knowingly touching of another person, either directly or through the clothing, of sex organs, buttocks, or breasts for the purpose of sexual gratification or arousal without the consent of the other person.
- c. Intentional exposure of any part of a person's body for a sexual purpose.
- d. Use of email, text, phone, or any other form of communication to send sexually explicit materials that are unwelcomed by the recipient.

Sodomy is oral or anal sexual intercourse with another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

Stalking is engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or suffer substantial emotional distress. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly or indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

PROCEDURES TO FOLLOW AFTER AN ASSAULT

Victims of sexual assault or rape are strongly encouraged to report the incident in order to deter these assaults and to ensure that victims receive the services they need. Steps should be taken to help deal with the physical and emotional trauma:

1. Go to a safe place; go somewhere to receive emotional support.
2. Report a sexual assault on campus to the Title IX Coordinator and/or Dean of Nursing.
3. Report the assault to the police. If requested, the Title IX Coordinator at the College may assist with notification.
4. Preserve all physical evidence.

In order to best preserve possible evidence, **don't**:

- Wash
- Change clothes or clean the bed/linen where assaulted
- Urinate or defecate or douche
- Smoke
- Drink or eat
- Brush hair or teeth, or rinse mouth

In addition to physical evidence, pictures, notes, electronic messages, and phone records are examples of evidence that should be preserved.

A medical exam is not a requirement for criminal proceedings, but it may be more difficult to investigate and prosecute if evidence isn't collected.

- Bring a change of clothes in case clothing is collected as evidence

5. Go to the hospital for medical care, police station or call 911. Injuries should be treated, and an examination completed to document and collect physical evidence of the assault.
6. Seek professional counseling. This can help in the recovery from the psychological effects of the assault.

Please refer to the Resources for Victims of Sexual Assault section of this document for a list of local resources that will provide immediate advice and assistance to victims of sexual assault or rape.

Although the College strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victims' choice whether or not to make such a report and victims have the right to decline involvement with the police.

MISSING STUDENT

All students who are enrolled at Lakeview College of Nursing have the option to register a person (i.e., parent, guardian, spouse, relative, or friend) to contact in case of an emergency with the Office of the Registrar/Records. When a student has been determined to be missing by classmates, faculty, or friends from class or clinical for over 24 hours, an official missing student report will be referred immediately to the Dean of Nursing or Title IX Coordinator. The emergency contact person will be contacted. This requirement does not preclude implementing these procedures in less than 24 hours if circumstances warrant a faster implementation. Only authorized campus officials and law enforcement officials in furtherance of a missing person investigation may have access to this information. The student is responsible for keeping the contact information current. Even if a student does not register a contact person, the Police Department will be notified that a student is missing.

Students, faculty, staff, and administration should familiarize themselves with all safety and security policies and procedures through the College website, www.lakeviewcol.edu, policy manuals, and handbooks.

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA)

In accordance with Public Law 93-380, Family Educational Rights and Privacy Act, strict confidentiality will be observed regarding student information. The nature of an educational institution requires that records must be kept and may be shared by College administration, faculty and advisors within the College when applicable.

The Act provides that the College may retain the right to release Directory Information which is defined as student's name, telephone number, all addresses, e-mail addresses, date and place of birth, major, honors, awards, photo, classification, dates of enrollment, enrollment status, degrees conferred, graduation distinctions and the institution attended immediately prior to admission. In the absence of written notice by a student to withhold any or all information included in the

definition of "Directory Information," the College reserves the right to release any of the aforementioned information. Students may refuse to disclose any or all information to anyone except College administration and faculty. Information such as social security numbers, race and grades will not be released to a third party without the written permission of the student. Information about students may be given without written consent in an emergency or to protect the health and safety of the student or others.

Specifically, the FERPA Act states the following:

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA.

The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

Notification of Rights under FERPA for Postsecondary Institutions

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

(1) The right to inspect and review the student's education records within 45 days of the day the College receives a request for access.

A student should submit to the registrar, dean, head of the academic department, or another appropriate official, a written request that identifies the record(s) the student wishes to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the College to amend a record should write the College official responsible for the record, clearly identify the part of the record the student wants to be changed and specify why it should be changed.

If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to provide written consent before the College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The College discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted as its agent to provide a service instead of using College employees or officials (such as an attorney, auditor, or collection agent);

a person serving on the Board of Directors; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5901
