

Lakeview College of Nursing

EMPLOYMENT AT GRADUATION

Employment is one of the elements that measure the success of our graduates. We track the employment of our graduates at the time of graduation and again six months after graduation. The following charts show the percentage employed for the December and May 2021 graduating cohorts.

December 2021 Graduates

60% of the graduates had already accepted a nursing position at the time of graduation.

May 2021 Graduates

66% of the graduates had already accepted a nursing position at the time of graduation.
